The trustees and I deeply appreciate the continued cooperation and generosity of the community, your gifts of money, books, magazine subscriptions, recordings, and the hundreds of back copies of magazines, most of which the school children made use of. For the fifth year we have had the state aid grant of \$100.00 made to affiliated libraries; it enabled us to buy the 12 volume History of the United States, published by Life Magazine, well illustrated and most suitable for use by teenagers, as well as the purchase of eight other reference books on history and ecology. Our special thanks go to Linda Lamarre for conducting the Story Hour for

Six weeks during July and August for 18 children, aged four to ten. Her fine program included poems, songs, records, crafts and games. She gave a party at the final session, an event to which the youngsters look forward each summer. And, finally, we gratefully acknowledge the time and energy Mrs. Bessie Weeks has devoted to maintaining the branch library at Swift-water over a period of many years.

Mrs. Bess Reed is our library's representative to this area's Advisory District Council which holds four meetings each year at Littleton, and additional conferences as the need arises. For the past two years she has served as chairman. The Council has initiated the Common Borrower's Card system, and is currently working out solutions to many problems, some examples of which are: (1) how to make better use of recordings, films, and film strips, (2) how to facilitate inter-library loans, (3) how to improve cooperation between public schools and public libraries, (4) how to help small libraries on limited budgets. Consultants from the State Library are always available for counseling.

REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

During this past year, the public has shown a great deal of cooperation in the prevention of fires. We wish to express our thanks for a job well done.

Your forest fire warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires, a synopsis of these laws follow.

FIRE PERMITS

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning (SUCH BURNING IS RESTRICTED BY REGULATION TO BE PRIOR TO 9:00 A.M. and AFTER 5:00 P.M.).

An Air Pollution regulation forbids the burning of household waste in towns where such rubbish is collected by the town.

EXCEPTIONS

Commercial or industrial burning is allowed under normal conditions with permission of the District Fire Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On others' property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National

Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

REPORT OF FIRE DEPARTMENT—1970

February 27 — Rowden's Dairy

April 14 — Brewster's (Chimney fire)

May 5 — Camp (Melvin Adams)

June 22 — Poor Man's Inn

Although the number of fire calls in 1970 was lower than usual, the Fire Department managed to serve the community in another way. Several members of the department volunteered their labor to work on the School Repair Project. The department's labors were given to the much needed roof repairs.

As in the past, the Fire Department has enjoyed the cooperation and help of many of our fellow towns people for which we are extremely grateful.

Annual Report

of the

SCHOOL BOARD

of

BATH SCHOOL DISTRICT

for the

FISCAL YEAR

July 1, 1969 - June 30, 1970

MESSAGE OF APPRECIATION

The School Board wishes to express its sincere appreciation to the community for the almost unbelievable transformation that took place at the village school building beginning in April and continuing to the opening of school in September. Such an extensive project can be completed only with the whole-hearted cooperation of dozens of volunteers; men, women and children, working side by side, giving their time and energy to change an "old school" into a "new school" from roof to basement. The workers were fortunate in having the professional advice of Mrs. Muriel Currier and Mrs. Edwina Stewart, Extension Home Economists, on color, design, decor, etc., and also the assistance of lighting and acoustic engineers representing the State Board of Education.

What was accomplished? The chimney was replaced from the roof up. Two new ceilings were put up, and all other ceilings painted. The walls and woodwork in each room were painted. All floors in the building were re-finished. The basements were cleaned, painted and re-finished, and some new cement work was done. New draperies were made. All furniture was cleaned and polished.

The work involved cannot be measured, nor the hours counted. But how rewarding it was to hear a boy or girl say on an August morning, "This year I just can't wait for school to begin!"

Sincerely,

HERBERT G. CHAMBERLAIN, JR.

It is always difficult, and sometimes foolhardy, to try and thank everyone personally for participating in a project. So, to everyone who helped in any way toward the restoration of our elementary school, may we say **thank you**. Also, it is encouraging and refreshing to see people get involved in a community project for the sake

of pride in one's ability to contribute to the general welfare of the area.

Our budget this year shows a net increase of \$1,875.52 for property tax assessment 1971-72. The item that controls our budget to the greatest degree is tuition. Next year we have budgeted the following for the payment of tuition to other school districts:

Lisbon Regional

4 elementary @ \$680	\$ 2,720.00
----------------------	-------------

Haverhill Cooperative

7 elementary @ \$600	4,200.00
	\$ 6,920.00

Haverhill Cooperative

20 junior high @ \$700	14,000.00
43 high school @ \$900	38,700.00
	\$52,700.00

These figures are based on the number of students currently attending school and makes no provision for any additional students who may move into the school district. If we have any increase in junior or senior high students another year, we will certainly have a deficit.

The deficiency appropriation requested at the conclusion of your budget is to provide for an increase in tuition costs after our budget had gone to the printers last year. An explanation of the reasons for the deficiency follows:

Lisbon Regional	Budgeted
4 elementary @ \$615	\$ 2,460.00
5 high school @ \$700	3,500.00
Haverhill Cooperative	
11 elementary @ \$550	6,050.00
23 junior high @ \$650	14,950.00
40 high school @ \$750	30,300.00
	<hr/>
	\$57,260.00

Liability

4 elementary @ \$615	\$ 2,460.00
1 high school @ \$700	700.00
8 elementary @ \$550	4,400.00
24 junior high @ \$650	15,600.00
45 high school @ \$850	38,250.00
	<hr/>
	\$61,410.00

Liability	\$61,410.00
Budgeted	57,260.00
	<hr/>
Deficit	\$ 4,150.00

An item of interest to voters is the tuition charged by neighboring school districts. A breakdown of those tuition rates available at this time is:

Lisbon Regional:

Elementary \$680 Junior High \$710 High School \$810

Haverhill Cooperative:

Elementary \$600 Junior High \$710 High School \$900

Oxbow:

Junior-Senior High \$1300

Blue Mountain:

Junior-Senior High \$1100

St. Johnsbury Academy:

High School \$1495

May I take this opportunity to thank the school board, faculty and voters of Bath for their support during the past year.

Respectfully,

NORMAN H. MULLEN
Superintendent of Schools

REPORT OF ASSISTANT SUPERINTENDENT OF SCHOOLS

It is with great pleasure that I submit my first annual report as Assistant Superintendent of Schools.

I assumed my present position on July 1, 1970. My main duties consist of general supervision of the elementary schools in the Union as well as helping to develop federally funded programs.

During the first week in September the entire teaching staff of the Supervisory Union attended a two day workshop held at the Woodsville High School. The conference was keynoted by Deputy Commission of Education Robert L. Brunelle and dealt with some of the newer methods, materials and ideas prevalent in education today. We hope to make this an annual activity, one which will serve as a stimulating beginning to the school year.

Periodic meetings are held with all Supervisory Union Elementary Principals. We discuss common problems, share information and suggest ways to improve the operation of our schools. Subjects discussed at these meetings include the New Hampshire minimum standards for elementary schools and the implementation of those standards by the fall of 1972. We have discussed the need for written policies for each elementary school; in-service training for teachers; improved methods of teacher evaluation; more efficient use of standardized test results; curriculum improvement, etc.

In the area of federal funding, we are running a remedial reading program with funds from Title I, Elementary and Secondary Education Act. This program is for children with reading disabilities. These youngsters are given an opportunity to work with Mrs. Kathleen Pancoast, who employs methods and materials especially designed to help children in this category.

A special thanks to Mr. Robert Savoy and his staff for completing information to show how well the Bath Village School compares to the State's minimum standards for elementary schools. Mr. Savoy found that with a few adjustments we will be able to attain minimum standards by September of 1972.

May I take this opportunity to thank the board members, administration and staff of the Bath School District for their fine cooperation.

Respectfully submitted,

HAROLD J. HASKINS
Assistant Superintendent
of Schools

SUPERVISORY UNION #23
REPORT OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire requires that school district annual reports show the total amount paid to the superintendent.

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30. The Superintendent of Supervisory Union #23, during 1970-1971, will receive a salary of \$17,000.00, which is made up as follows: \$3,000.00 to be paid by the State Department of Education and \$14,000.00 prorated among the several school districts. Allowance of \$1,500.00 for travel within the Union is also prorated as stated above.

The table below shows the proration of salary and travel to each school district:

<i>District</i>	<i>Salary</i>	<i>Travel</i>

REPORT OF SCHOOL NURSE

1969-70

Number of Pupils examined	48
Total number of School Visits	16
Total number of Home Visits	28
Symptoms of Defects	Corrections
Vision 10	10
Teeth 32	24
Number successfully vaccinated—Small Pox	6
Communicable diseases reported:

The following immunizations were done:

Tetanus and Diphtheria Booster	1
Rubella (German Measles) Vaccine	21

6/2/70: Registration was held for 1st grade pupils entering school September, 1970.

All routine screening tests were completed. Referrals were made when necessary.

On November 14-15 a Pre-school Vision and Hearing Screening Program was held at the Woodsville Elementary School. This program was sponsored by the Cohase Lions Club and included children from surrounding areas.

Several Nurses' meetings, and workshops were attended.

On October 6, 1969 Miss Van Hoesan, Dental Hygienist, from the Concord Dental Public Health Services presented special Dental Programs in grades 1-6.

During the fall semester I attended another class at Laconia. This course, "How to Handle Stress in the School Child" was very helpful.

During the summer of 1970 Bath residents gave the inside of the school a complete face lifting. It is so bright and cheerful now that it seems like a new building. It must be easier to learn in this new environment. Everyone that shared in this project deserves a hearty "well done."

I want to thank Mr. Savoy, the teachers and Mr. Mullen for their continued interest and cooperation in the School Health Program.

Respectfully submitted,

MURIEL LaMOTT, R.N.
School Nurse
